

# Bag for collecting used linen

We have introduced color-coded bags to sort and collect used linen by type.

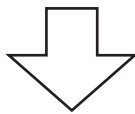

Sorting by type offers the following benefits:

Easier management of appropriate drying times

Smoother sorting and handling in the laundry room

For hygiene purposes, please make sure to clearly separate bags for used linen and those for cleaned linen.

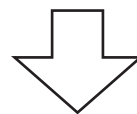

Beige sheets

Duvet covers and pillowcases  
(regardless of design or size)

Duvet covers with zippers  
must be turned right-side  
out and zipped up before  
placing them in the bag.

Towels  
(regardless of color or size)
